If you yearn to experience the joy of playing piano, but you don't want years of weekly lessons, this course is for you. In just a few hours you can learn enough secrets of the trade to make piano playing a part of your life. How is it done? Typical piano lessons teach you note reading, but piano professionals use chords. You will learn all the chords needed to play any pop song in this one session: any song, any style, and key. And you'll get a healthy dose of insider secrets. If you already know your way around a keyboard a little, you know enough to enroll in this workshop. If not send a self addressed, stamped envelope to: Michael McMillan at

120 Summer Lane
Covington, GA. 30016

for a FREE pamphlet which explains the basics.
