**To:** Interested Vendors

**From:** Cindy Clack / Candice Hardie

**Date:** 10/25/2017

**Re:** RFB2018-15 – FY2017 Additional L.M.I.G. Off System Safety Program – Guardrail Replacement (Project #SR050) – Addendum No 1

---

To date, the following question has been submitted for RFB2018-15:

**Questions:**

- 1) I have a question about the project listed above, there is more than 600 lf of existing guardrail at the bridge now. There is not a bid item for guardrail removal, is the County going to do that work in along with the grading they are going to perform?

**Response:**

Yes, the County will remove the existing guardrail – see scope and procedure.
