MEMORANDUM – ADDENDUM NO. 2

To: Interested Vendors
From: Candice Hardie
Date: 5/1/2020
Re: RFB2020-19 – HPE/Aruba Network Switches – Addendum No 2 (3 Pages)

To date, the following questions have been submitted for RFB2020-19:

Questions:

1. Do you plan to connect your new switches together over fiber? Yes.
2. If so, will it be single mode or multimode fiber? Multi-mode mostly. We have a few Single mode links.
3. If multimode fiber, is the fiber OM1/2 (62.5 micron) or OM3 (50 micron)? OM3 and OM4 mostly, we also have a few OS2 links.
4. Do you need any optics? No.
5. Do you need installation assistance? No.
6. You have asked for switch part number JL256A, which has a PoE+ capacity of 370 watts, and then described the switch as having 740 watts of PoE+ power. That switch – with 740 watts of PoE+ power – is the JL558A. Please let us know which switch you want quoted. That was our mistake. The part number is correct. The description should read 370W.

Revised Bid Form is attached to this Addendum No 2. Please submit your bid with the revised Bid Form.
BID FORM
(SUBMIT ONE ORIGINAL (UN-BOUND) AND FOUR COPIES)

PROJECT: RFB2020-19 – HPE/ARUBA NETWORK SWITCHES (Per attached specifications)
