Re: RFB2021-3 Fire Training Flashover Simulator - Addendum No 1 (1 Page)

To date, the following questions have been submitted for RFB2021-3:

**Question:**

1. Will you accept a bid for a refurbished Flashover Simulator which will include a 5-yr warranty? The specifications request a “Grade A one trip container”. Your bid must meet the specifications in order to be considered.

2. Will you accept bids that demonstrate a new style of Flashover Unit, specifically designed to reduce Firefighter exposure to toxic smoke? Yes, as long as our detailed specifications are met.

3. Will the selection criteria be based on initial price or will quality of manufacture, longevity and projected “Lower Cost of Ownership”, be considered? Bids will be evaluated by price, as long as specifications are met. If specifications are not met, the bid will be disqualified.

4. Can a supplier submit bids for different models that would meet or exceed the specifications? Yes, as long as all specifications are met.
