Date: 5/23/2017

Re: RFP2017-15 KITCHEN FLOOR RENOVATION PROJECT – BARROW COUNTY JAIL
(PROJECT #JL002) – ADDENDUM NO 1

The below question has been submitted for RFP2017-15:

Question: Are you looking for a GC to award the entire project to? or will you take care of the above trades and allow us to come in for just the flooring aspect?

Response:

The contract anticipates that the prime contractor will accomplish **ALL** of the work and meet all of the requirements of the contract. The contract does not require a general contractor but neither does it preclude a general contractor. In the same light, a competent flooring contractor, without a general contractor, can bid the project as the prime contractor providing that they can provide all the requirements, services and products called for in the contract.
