MEMORANDUM – ADDENDUM NO. 4

To: Parties Interested In RFP2018-16

From: Misty Landers

Date: November 7, 2017

Re: RFP2018-16 – Geographic Information System (GIS) Address Point Layer

The following question(s) has been submitted for RFP2018-16:

- 1) Will offering a proposal with a completion date that is significantly longer than 120 days result in a reduction of points when evaluating proposals?

RESPONSE: It will not, however any vendor who cannot deliver the product in 90-120 days should give detailed reasons as to why the project will take longer than 120 days to complete.
