Re: RFP2019-20 – Telecommunications System

The following question(s) has been submitted for RFP2019-20:

1) How are exceptions to specific features handled in the response? Section 7.7 requests complete compliance.

RESPONSE: On the proposal form, under the column “Comments (IF ANY)”, please place an asterisk (*) and the word “Exception” (example: “Exception). Attach a page or pages directly behind the proposal listing all exceptions in great detail. An example would be: Exceptions to Hardware (include a precise list of all exceptions to Hardware).

Barrow County will be willing to review any exceptions, but there is NO guarantee of acceptance of the exceptions by Barrow County.
