

If you can, wait...

The Barrow County Tax Commissioner's Office IS OPEN. However, they are experiencing a very high volume of people and the new state system is not working properly at times. They are only allowing five people in the office at a time and wait times can be considerable. If you can wait a few days to get your tags, please do so.

If you have questions, please call 770-307-3106.
